STS Distribution Solutions, Inc
d/b/a STS Air-Pro
2910 SW 42nd Ave, Palm City FL 34990

Subject: Authorization and Manufacturing

Hydrasearch Company, LLC is pleased to confirm the approval of STS Air-Pro as an authorized fabricating facility for hose assemblies I.A.W. MIL-DTL-8795 while utilizing Hydrasearch fittings. It should be noted that a QPL for MIL-STD-8795 does not exist.

Until further notice STS Air-Pro shall also be authorized to produce hose assemblies I.A.W. MIL-DTL-8790 while using Hydrasearch fittings. STS Air-Pro maintains a QPL for this series of hose assemblies with Hydrasearch as the fitting supplier. STS Air-Pro has been authorized to use specific Hydrasearch drawings in this process.

STS Air-Pro is bound to and responsible for all quality and testing related to items as determined by the hose assembly specifications listed above. Hydrasearch drawings are to be considered proprietary and are for STS Air-Pro use only. At no time shall Hydrasearch drawings be released to STS Air-Pro customers without advance written approval from Hydrasearch. Hydrasearch assumes no responsibility for defective hose assemblies as a result of work done at STS Air-Pro. Return for warranty or repair will be the responsibility of STS Air-Pro. STS Air-Pro also assumes the responsibility for all application suitability for all hose assemblies produced with Hydrasearch fittings.
